PRODUCT(S)
WrapSHIELD[®] Black

PROJECT DESCRIPTION
VaproShield Wrapshield Black was used at four locations of the Aloft Hotels in Texas: Dallas, Frisco, Irving, and Plano. Over 112,000 ft² of WrapShield was installed.

The Aloft brand, a division of Starwood Hotels & Resorts, delivers urban-influenced, vibrant design for travelers. Aloft partnered with Hilwood Development and Champ Hospitality, both Dallas based companies, to complete the projects.

WrapShield Black, with a rating of 50 perms, can resist the damaging effects of moisture and ultra-violet exposure at open joints.
